ISSUE 41, JUNE 27TH

the Unless Press

Serving Greenville, Solla Sollew, and surrounding areas.

~ Tuned Up and Tuned In ~

Summer is here! It's a time for lounging at the beach, playing your favorite pop tunes, enjoying school break, and basking in the warm rays of the sun. It's also a time for prolific ventures, and, here in the Once-ler fandom, there is no lack of it. Artists are selling prints, new ask blogs are being born, flavorful tunes are being concocted, Camp Weehawken is back in session, and even a fictional convention has been held! It is an exciting time.

In this issue of *The Unless Press*, we will be promoting artists who are selling commissions, giving an update on a blog that has recently changed hands, mention "TruCon", and more!! •

~ Blog Spotlight ~

One would think that the birth rate of ask blogs would decrease as the fandom wore on, but not so! There are still new ask blogs being born, and we are here to take a closer look at four of the latest ones!

~ Wolf-ler ~

Fond of wolves? How about an ask blog that actually is one? Meet Wolf-ler, who howls at the moon and anxiously awaits your asks.

~ Frick-ler ~

We're not sure what this blog is about, but he seems to be quite an unusual fellow.

~ Truffu-ler ~

What do you get when you take one very bored Truffula tree, toss him into the laundry section of the Thneed Factory and pop him back out? You get Truffu-ler, of course! This very bored tree took matters into his own limbs when he did just that, and now he's a Once-ler-looking piece of nature who loves photosynth-a-burgers and is ready and willing to answer your questions!

~ Audtree ~

How refreshing it is to see an Audrey ask blog pop up in the fandom for a change! Audrey loves trees and painting, and she's not afraid to show it. Why not stop by her blog sometime and make friendly conversation now and then?

~ Calling Co-mods ~

Fandom member Swaggermimint has very recently become the new owner of a blog known as the Once-ler Music Experience, a place where music from the blogs of Once-lings is collected and posted up in one spot for all to enjoy, and she is looking for a co-moderator to assist her in running the blog! Her post on the matter can be found here:

~ The Green Suit ~

The Once-ler's green suit is part of what defines him in his "Greed-ler" stage. It's snazzy, it's classy, and it looks quite handsome on the Once-ler. An in-depth look at the suit drawn up by Evilplotting, once lost, but found by Swaggermimint, is a great resource for cosplayers and simple appreciators of the suit, and it can be found right here for those interested:

~ "TruCon" ~

A Truffula Flu Comics fake convention for Once-ler ask blogs? You'd better believe it! Everything from RPs to comic signings went on during this event, which lasted from June 21-24. Check the #trucon tag to see what shenanigans went on!

Many thanks go out to all of you who faithfully continue to support *The Unless Press*! Your love and dedication means a lot, and as long as this fandom is around we shall continue to ~ remain in print!! ~
